99.1 Press Release of Bright Horizons Family Solutions Inc. dated May 3, 2016.

Bright Horizons Family Solutions® Reports First Quarter of 2016 Financial Results

BOSTON, May 3, 2016 /PRNewswire/ — Bright Horizons Family Solutions® Inc. (NYSE: BFAM), a leading provider of high-quality child care, early education and other services designed to help employers and families better address the challenges of work and family life, today announced financial results for the first quarter of 2016 and confirmed certain financial guidance for the full year 2016.

First Quarter 2016 Highlights (compared to first quarter 2015):

- Revenue increased 10% to \$385 million
- GAAP income from operations increased 13% to \$49 million
- Non-GAAP adjusted income from operations* increased 14% to \$49 million
- Adjusted EBITDA* increased 10% to \$72 million
- GAAP net income increased 10% to \$25 million and GAAP diluted earnings per common share increased 14% to \$0.40 per share
- Non-GAAP adjusted net income* increased 15% to \$31 million and diluted adjusted earnings per common share* increased 19% to \$0.51

"We are pleased to report a strong start to 2016, as we continue to execute on our growth strategy here in the U.S. and in Europe, and in India," said David Lissy, Chief Executive Officer. "At Bright Horizons, we are proud to celebrate our 30th year of partnering with leading employers to provide working families with the critical supports they need to maximize their productivity."

"For today's workforce, the workplace and its culture are an integral part of both professional and personal satisfaction and well-being," continued Lissy. "In 1986, Bright Horizons was on the forefront of the challenges that employers and their working families faced then as now, and we have continued to evolve our services to meet the myriad ways that employers look to support employees and families in their ability to achieve a healthy integration between work and life."

First Quarter 2016 Results

Revenue increased \$34.9 million, or 10%, in the first quarter of 2016 from the first quarter of 2015 on contributions from new and ramping full-service child care centers, average price increases of 3-4%, and expanded sales of back-up dependent care and educational advisory services.

Income from operations was \$48.6 million for the first quarter of 2016 compared to \$42.8 million in the same 2015 period, an increase of \$5.8 million, primarily due to a \$9.2 million increase in gross profit, partially offset by increases in recurring selling, general and administrative expenses. The increase in gross profit and income from operations reflects operating leverage from enrollment gains in mature and ramping centers, contributions from new child care centers, back-up dependent care and educational advisory clients that have been added since the first quarter of 2015, and strong cost management, partially offset by the costs incurred during the ramp-up of certain new lease/consortium centers opened during 2015 and 2016 and ongoing investments in systems and personnel to support the delivery of our services. Net income was \$24.7 million for the first quarter of 2016 compared to net income of \$22.5 million in the same 2015 period, an increase of \$2.2 million on the expanded income from operations. Diluted earnings per common share was \$0.40 compared to \$0.35 in the first quarter of 2015.

In the first quarter of 2016, adjusted EBITDA increased \$6.9 million, to \$72.4 million, and adjusted income from operations increased \$6.0 million, to \$48.8 million, from the first quarter of 2015 due primarily to the expanded gross profit. Adjusted net income increased by \$4.0 million, or 14.8%, to \$31.1 million on the expanded income from operations. Diluted adjusted earnings per common share was \$0.51 compared to \$0.43 in the first quarter of 2015.

As of March 31, 2016, the Company operated 936 early care and education centers with the capacity to serve 107,400 children and families.

*Adjusted EBITDA, adjusted income from operations, adjusted net income and diluted adjusted earnings per common share are non-GAAP measures. Adjusted EBITDA represents earnings before interest, taxes, depreciation, amortization, straight line rent expense, stock-based compensation expense, expenses related to secondary offerings, and expenses associated with completed acquisitions. Adjusted income from operations before expenses related to the completion of secondary offerings, and expenses associated with completed acquisitions. Adjusted net income represents net income determined in accordance with GAAP, adjusted for stock-based compensation expense, amortization expense, secondary offering expenses, expenses associated with completed acquisitions and the income tax provision (benefit) thereon. Diluted adjusted earnings per common share is a non-GAAP measure, calculated using adjusted net income. These non-GAAP measures are more fully described and are reconciled from the respective measures determined under GAAP in "Presentation of Non-GAAP Measures" and the attached table "Bright Horizons Family Solutions Inc. Non-GAAP Reconciliations."

Balance Sheet and Cash Flow

During the three months ended March 31, 2016, the Company generated approximately \$85.8 million of cash flows from operations compared to \$47.3 million for the same period in 2015 and invested \$13.6 million in fixed assets and acquisitions compared to \$18.0 million in the same 2015 period. Net cash used in financing activities totaled \$43.8 million in the three months ended March 31, 2016 compared to \$8.0 million provided by financing activities for the same 2015 period. During the three months ended March 31, 2016, the Company's cash and cash equivalents increased \$28.6 million to \$40.2 million.

2016 Outlook

As described below, the Company is confirming certain financial guidance. For the full year 2016, the Company currently expects:

- Overall revenue growth in 2016 in the range of 8-10%
- Adjusted EBITDA growth in 2016 in the range of 13-14%
- Adjusted net income growth in 2016 in the range of 15-17%
- Diluted adjusted earnings per common share growth in the range of 18-20%
- Diluted weighted average shares of approximately 61.5 million shares

The webcast of the conference call, including replays, and a copy of this press release are also available through the Investor Relations section of the Company's web site, www.brighthorizons.com.

Forward-Looking Statements

This press release includes statements that express the Company's opinions, expectations, beliefs, plans, objectives, assumptions or projections regarding future events or future results and therefore are, or may be deemed to be, "forward-looking statements." The Company's actual results may vary significantly from the results anticipated in these forward-looking statements, which can generally be identified by the use of forward-looking terminology, including the terms "believes," "expects," "may," "will," "should," "seeks," "projects," "approximately," "intends," "plans," "estimates" or "anticipates," or, in each case, their negatives or other variations or comparable terminology. These forward-looking statements include all matters that are not historical facts. They include statements regarding the Company's intentions, beliefs or current expectations concerning, among other things, our results of operations, financial condition, liquidity, prospects, growth, strategies, the industries in which we and our partners operate, our service offerings, and our 2016 financial guidance. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. The Company believes that these risks and uncertainties include, but are not limited to, changes in the demand for child care and other dependent care services, including variation in enrollment trends and lower than expected demand from employer sponsor clients; the possibility that acquisitions may disrupt our operations and expose us to additional risk; our ability to pass on our increased costs; our indebtedness and the terms of such indebtedness; our ability to withstand seasonal fluctuations in the demand for our services; our ability to implement our growth strategies successfully; and other risks and uncertainties more fully described in the "Risk Factors" section of our Annual Report on Form 10-K filed February 29, 2016, and other filings with the Secur

only as of the time of this release and we do not undertake to publicly update or revise them, whether as a result of new information, future events or otherwise, except as required by law.

Presentation of Non-GAAP Measures

In addition to the results provided in accordance with U.S. generally accepted accounting principles ("GAAP") throughout this press release, the Company has provided non-GAAP measurements - adjusted EBITDA, adjusted income from operations, adjusted net income and diluted adjusted earnings per common share - which present operating results on a basis adjusted for certain items. The Company uses these non-GAAP measures as key performance measures for the purpose of evaluating performance internally. We also believe these non-GAAP measures provide investors with useful information with respect to our historical operations. These non-GAAP measures are not intended to replace, and should not be considered superior to, the presentation of our financial results in accordance with GAAP. The use of the terms adjusted EBITDA, adjusted income from operations, adjusted net income and diluted adjusted earnings per common share may differ from similar measures reported by other companies and may not be comparable to other similarly titled measures. Adjusted EBITDA, adjusted income from operations, adjusted net income and diluted adjusted earnings per common share are reconciled from the respective measures under GAAP in the attached table "Bright Horizons Family Solutions Inc. Non-GAAP Reconciliations."
