Explanation of Responses:

- On May 2, 2012, the reporting person received in exchange for an earlier grant an option to purchase 502,590 shares of the registrant's common stock subject to time and performance vesting criteria. The time and performance criteria have been met with respect to this award.
- This amendment to the reporting person's Form 4 filed on February 18, 2014 (the "Prior Report") is being filed to correct certain transactions reported on the Prior Report. The Prior Report incorrectly reported that the reporting person made an exempt conversion of a derivative security followed by an exempt acquisition of common shares underlying the derivative security, followed by a sale of such common shares. The reporting person engaged in no transaction of the registrant's securities on February 13, 2014. The holdings reported in this Form 4/A correctly represent the reporting person's holdings of non-derivative and derivative securities as of the transaction date and as of the date of this amendment.
